

# MY BELOVED SCHOOL

Our second home that keep us as warm as wool,  
I am severely missing my beloved school!

Trying to secretly break the rules, which made us think we are so cool,

Enjoying in our favourite area, the swimming pool,  
Designing inside and outside boards standing on a stool,  
The tasty food of canteen that made our stomachs full,  
Which ignites a fire of knowledge and values in us, school is that fuel.

But now when there is lockdown,  
We can't go to school, we are bound!

Those with whom we discussed all the trends,  
Those who no matter what you trusted upon that for you, they'll defend,  
The true ones, not those who pretend,  
I am remembering and missing those fun and chilling days with my friends.

Now we sit at our home alone,  
Not able to experience our de-stress zone,  
The only talk we have is on phone,  
Waiting to see each other face to face and hear that friendly tone.

Not to forget about the person, our leader,  
Whenever we had a doubt we could reach her,  
Who know us better than our own selves, more deeper,  
I am talking about our wonderful and kind teachers.

# MY BELOVED SCHOOL

But it's not the time to be sad,  
We have to forget all the bad days we had,  
Though virtually, we can still meet our friends and  
teachers  
About which we should be glad.

As said, education cannot be stopped, it makes its own  
way,  
We still have fun during virtual classes these days,  
Quizzes on different platforms are the games we play,  
This is the experience we'll never forget, it cannot be  
taken away.

This is the time we all have to pray,  
And also thank God that we are okay,  
Request God to bring back those old fun school days,  
O my dear God, please don't do any further delay.

Now we all have one dream,  
These difficult times go away through which we have  
been,  
We want this to be over, this boredom,  
We want to regain our sacred freedom.

We want to go back to that fun filled whirlpool,  
I am severely missing my beloved school!
