

“Nation First Always First”:

- Sayan Maity class 12

A nation's call, a citizen's pride
Where freedom's torch, forever will reside
From mountains high to oceans wide
Our nation's glory, we'll always abide

With every breath, with every might
We'll stand united, shining bright
Through trials and tribulations we'll face
Our nation's spirit, will find its place

So let us march, with hope and cheer
With nation first, our hearts held dear
Through every test, through every strife
We'll stand as one, for our nation's life

For nation first, is not just a cry
But a promise, to touch the sky
With unity and strength, we'll pave the way
For a brighter tomorrow, starting today.
