WORLD UNITED AGAINST CORONA

CORONA.....

Staying at a distance is staying alive.

Water, soap, forty seconds,
Between two palms of hands,

Stronger than fear,
Paralyzes five continents,

World devastated,
But, no fear, people united
Remedy is prevention.

World invaded,
Afraid of our loved ones,
But, united together.
Protecting ourselves
From Pandemic.

Our actions prevents, souls gets filled,
World united with doctors, servicemen
Together with people's love and care.
COVID fear destroyed in their souls.

Staying home staying lives,
confined. But not broken.

In the middle of difficulty
lies opportunity.

Prayer Resources, Beats CORONA

Pain is inevitable suffering is
optional,

Stay 6 feet away spread NO
viruses today.

Be strong, don't be afraid.

Stay Home, save lives

Let's fight the virus Together

Stay care and stay fit

World becomes stronger

After a fall, true lies hidden

Staying at a distance is staying alive

Be united, stay united, live united!
