

THE MISSILE MAN APJ Abdul kalam

APJ Abdul Kalam was his name,

He gave the country missiles great,

And made Bharat a nuclear state.

He gave everyone a new inspiration,

And made India a united nation.

15 October 1931 was a new hope,

He lived his life in struggle and cope.

He did a lot of hard work in his life,

To give India his own pride.

He aimed for the stars avoiding wars,

Aim for the moon if not Mars.

He aimed for the children who have a dream,

Aim for good youth, with smiles and beam.

Abdul Kalam, he had a dream,

And labored hard within a team

*He served his tenure usefully,
He left his office peacefully,
He lives a life most hopefully,
Just love your brethren sincerely!
Even though he is not with us
But he is in everyone's heart I trust.*
