

'RHYME PATRIOTISM'

**Ransacking every possibility and chance,
To get freedom and independently enhance.
Keeping the sense of dependency and languor in abeyance,
Nevertheless how much were they advance.**

**Inundation of people did rebel,
In administration of India English did meddle.
Surely they were not so trained and politically acumen,
The ruling authority was indeed inhuman.**

**Opprobrium of country English deserved,
Kicking them out our heritage was preserved.
Mendacious company did deceit,
But their fate was not to defeat.**

**English were now anathema to them,
Priority was to remove their stem.
Nation come up its time to glorify,
Officially an independent country they were to certify.**
