

CAN WOMEN BE IN COMBAT ROLES ?

I WANT TO ASK A QUESTION ABOUT:

“ONE PRIME MINISTER IS LADY ,ONE PRESIDENT IS LADY ,ONE GIRL FIRST CLIMED MT. EVEREST , ARE WOMEN INCAPBLE OF DOING THE THING THAT MEN DO ,OR ARE SUPPRESSED???”

“In a transformational move, the Indian Army is all set to open up combat positions for women, a gender barrier broken by only a few countries globally”... This the new headline that make me happy about India Being a gender equal country. Women are capable of doing whatever they want but the problem is only the narrow mindness of Indians. India should be capable of making the country safe for women to roam around at 3 am in

areas. Very few countries including Germany, Australia, Canada, the US, Britain, Denmark, Finland, France , Norway, Sweden and Israel have allowed women in combat roles.

The roles of military police include policing the cantonments and army establishments, prevent breach of rules and regulations by soldiers, maintaining movement of soldiers as well as logistics during peace and war, handling prisoners of war and extending aid to civil police whenever required. The 19-year-old Army private replied. these are the examples of daring women in world .If you let women fly she will surely bring the best fortunes in your country The era of debate and indecision on this subject is over, and the time has now come to prepare and plan adroitly for the enlarged role of women officers in our gallant forces. I

am sanguine that given a fair chance and level playing field women of India will script a golden chapter of valour and devotion to the forces and set an example for many to emulate.

SALUTES TO THOSE WHO ARE FIGHTING FOR US WHILE WE ARE SLEEPING, WOMEN CAN DO AND ME AS A WOMEN WILL NEVER LET THE DIGNITY OF WOMEN.
