

Lockdown India VS. Unlock India

The corona virus outbreak is affecting people across India in different ways.

For parents of school going kids across the country, the experience has been overwhelming and exhausting.

Travel ban - March, when several Indian states sprung into action to contain Covid-19 pandemic, their first step was to shut schools. Initially, the shutdown was meant to be till

March 31.

when the 21-day national lockdown concludes.

This means that kids, who typically spend between three and seven hours in a structured learning environment away from home are now stuck indoors for weeks.

After the ~~announcement~~ announcement of lockdown, people started restocking their essentials. There are millions of migrant workers who emigrated from their cities.

The coronavirus disease continues to spread across the world following a trajectory that is difficult to predict. The health, humanitarian and socio-economic policies adopted by countries will determine the speed and strength of the recovery.
